APPROVAL OF STATE ENGINEER

This permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 24543, Amended Certificate 6921 is issued subject to the terms and conditions imposed in said Permit 24543, Amended Certificate 6921 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the Proof of Completion of Work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

The total combined amount of water granted under this permit and Permits 30748, 30749 and 30862 is limited to what the well covered under the four permits is capable of producing. If certificates of appropriation are issued under this permit and Permits 30748, 30749 and 30862, the total combined amount of appropriation granted in said certificates shall not exceed what the well covered under the four permits is capable of producing.

This permit is issued with the understanding that no expansion of water right acreage is allowed and that no additional withdrawal of ground water is allowed over that amount of acreage and ground water allowed under the base permit.

This permit is further issued with the provision that the permittee diligently pursue by statutory procedure the removal of all rights under Certificate 252 of Proof 01523 under the Clear Creek Decree from the 14.6 acres within the N $\frac{1}{2}$ NW $\frac{1}{4}$ Sec. 19, T.33N., R.38E. M.D.B.&M. not included within the proposed place of use under Permits 30744, 30745, 30746 and 30863.
